BEAMSTRIKE QR SHEET AND CHARTS PACK CORE RULES 1.22

(Super scripted numbers in red are page numbers from core rules1.22)

TURN SEQUENCE[7]

PLAYER	PHASE	DESCRIPTION
A	First MOVE	Player A may move any or all of his figures as outlined in the movement rules.
A and B	FIRE	Both players may use ranged fire with all eligible figures and vehicles- see the firing rules. Firing is treated as simultaneous, so casualties are not removed until the end of the fire phase (Unless Concealed units get the special FIRST SHOT)
A and B	Morale checks	Both players check morale strengths of their armies
A	Second MOVE	Player A may again move with any or all figures and vehicles, even if they moved during the first movement phase.
A	Close Combat	Player A makes troop rolls for all squads within 5cm of an enemy, successful troops may make a close combat action, as detailed in the close combat rules.
B	First MOVE	As per player A descriptions, player Bs turn follows the same sequence of events.
A and B	FIRE	
A and B	Morale checks	
B	Second MOVE	
B	Close Combat	
BOTH	END OF TURN	Any turn related events are rolled for (such as weather conditions), and the turn comes to an end. Another turn starting with player A is then commenced.

INFANTRY GRENADES

Grenade type	Effect	Blast template
High explosive (HE)	Standard damage type- effective against lightly armoured troops	2
Smoke (SMK)	Blocks vision (See below)	2

SUPPORT GRENADES

Grenade type	Effect	Blast template
Armour Piercing (AP)	High damage type- small blast area, but better at taking out PA/ AD troops	1
Anti vehicular (AV), armour piercer	Power damage against vehicles, low damage for any figures in burst area. Bonus of only -1 penalty against AM shields, rather than -3.	1

SPECIALISED GRENADES

Grenade type	Effect	Blast template
Fragmentation HE (FHE)	Standard damage type-large burst area, effective against lightly armoured troops	3
Smoke (SMK)	Blocks vision (See below)	2
Limpet (LPT)	Self tracking once thrown/ fired, this grenade houses a shaped charge, affecting only one figure. +2 hit bonus, Power damage type	1 figure only
Armour Piercing (AP)	High damage type- small blast area, but better at taking out PA/ AD troops	1
Stun (STU)	Stun damage type.	2
Anti vehicular (AV), armour piercer	Power damage type against vehicles, low damage type for any figures in burst area. Bonus of only -1 penalty against PS shields, rather than -3.	1

MISSILES

Missile type	Effect	Blast template
Anti-personnel	Large blast area anti- personnel shell. Standard damage type.	4
Anti –tank (AT)	Tank busting high penetration round. Total damage type against vehicles, standard damage type for any figures in burst area. Bonus of only -1 penalty against PS shields, rather than -3.	1

GRENADES AND INDIRECT FIRE [16]

Target cover	1d6 to hit
No cover, in open	Automatically hit
Soft cover:	1-2 miss, 3-6 hit.
Hard cover:	1-4 miss, 5-6 hit
Reinforced cover:	1-5 miss, 6 hit.
High wall/ building/ large vehicle in way	Cannot be hit

If grenade was thrown by a figure with 'grenadier' skill, 1 is added to the 1d6 roll above.

Note missile launchers/ salvos may alternatively fire any type of specialised *grenade* (blast radius identical to grenade being used)

OFF TABLE FIRE SUPPORT [18]

Target first painted- counts as firing, range up to 40, does not expose trooper. Roll 1d6 for each module of FS:

- **Designating trooper with no leader: 6 needed for strike**
- **Trooper has leader in squad: 5-6 needed**
- **Designator IS leader/ hero: 4-6 needed**
- **Command vehicle in play: 3-6 needed**

Success means placing the grenade/ missile template of choice over the target immediately.

REINFORCED	Bunkers, in armoured vehicles	4 inches (3)	6 inches
ABSOLUTE	No line of sight, behind high wall etc	2 inches	4 inches

MORALE AND LEADERSHIP 23

Element	Points	Element	Points	Element	Points
Each trooper	1	Each armoured vehicle or hero	3	Each nominated building/ key defence position/ VIP civilian or unarmoured vehicle	5-20 (Agree before battle)

- A figure counts as lost if he is killed.
- Medics never count as lost if killed, but do add to an army's morale strength at the beginning of the game. This is because friendly troops are infuriated, not demoralised, if a medic is targeted.

An armoured vehicle is counted as 'lost' for morale purposes if it is 'knocked out'. It is still in the game (no morale loss) if it is only immobilized or has its weapons knocked out, or has lost its crew.

½ MORALE POINTS=SHAKEN ARMY (place shaken counter next to army)

When an army is 'shaken' it may not advance, but may hold its ground or start to retreat, it may fire upon eligible targets as wished.
A shaken army must make a morale test at the end of each 'own' player turn. To do this, throw 2d6. If the score is 7 or more, the army is 'broken'.

BROKEN ARMY (Place broken counter next to army)

A broken army must retreat all troops and vehicles their maximum movement distance in at least 1 move phase per turn, except those rallied by leaders, or fanatics or robots. In the other move phase, it may stand its ground but cannot advance. A broken army also may not engage any targets other than those who have fired upon them in the same turn, or those that block off the army's retreat

SQUAD SUPRESSION 15 (Roll when under fire from deployed support or heavy weapon, a deployed sniper, or a weapon from the tank gun chart)

Roll 1d6 per squad against the troop roll rating for the majority troop type (See Troop QR table above)

MODIFIERS TO THE 1d6 TROOP ROLL FOR SUPRESSION/ REMOVAL OF SUPRESSION		
Leader in squad +2	Squad less than ½ strength -1	Beam or flame/ sun weapon -1
Leader within 12 inches +1	PA troops +1	Target squad in heavy cover +1
	AD troops +2	Target squad reinforced cover +2

EFFECT OF SUPRESSION:
A suppressed squad MUST move to the NEAREST cover of at least 1 level higher than it currently has unless already in hard/ reinforced cover in the next movement phase. The suppressed squad may not move toward suppressing attacker, unless by doing so it finds better cover in one movement phase.
Once in cover, squad may only now move if it is to the nearest better level of cover.

VEHICLE HIT SEQUENCE

YES	NO!
Can the target be seen/ is in range/ field of fire?	?No line of sight/ out of range/ out of field- End sequence
Work out base 'to hit' figure (Measure range)	
Apply hit modifiers	
Roll to hit 2d6 (Natural '12' is a critical hit)	? Missed- End sequence
?Firing a missile/ rocket/mortar	No- roll to penetrate target below
does target have ADS?	No- roll to penetrate target below
Roll to disrupt incoming attack	
Was it disrupted?	No- roll to penetrate target below
End sequence	
Roll to penetrate target- ? Penetrated	
Roll for hit effect and non-penetrating damage chart if vehicle not destroyed or KO'd	No- Roll on non-penetrating damage chart if weapon powerful enough

TROOPER HIT SEQUENCE

YES	NO!
Can the target be seen/ is in range/ field of fire?	?No line of sight/ out of range/ out of field- End sequence
Is the target eligible? (See troop QR sheet above)	Not eligible target?- End sequence
Is the target a leader/ medic/ squad support?	
If yes, target gets troop roll to avoid being targeted.	If no, follow onto next line.
Work out base 'to hit' figure (Measure range)	
Apply hit modifiers	
Roll to hit 2d6 (Natural '12' is a critical hit)	? Missed- End sequence
Roll 1d6 on the Infantry damage table (applying modifiers)	
Consult medical aid/ digimedic rules if in play

DAMAGE TABLES MODIFIERS [13]

Add the following modifiers to the Damage Table 1d6 dice roll as appropriate:

Target is:	Mod
Fast infantry in Seg Era	-1
Critical hit was scored	+2
Hero with constitution skill	-2
Suitably shielded*	-3
Suitably shielded (Tank gun)*	-1
Null shielded	**
Any Growwlan firearm	+1
Advanced laser pistol/rifle	+1
Firing hvy bolt pistol	+1
Target is Hibevor/ Grey	+1
Target is Thuntra/Orcoid	-1
Kra'vak 'enraged'	-1
Kra'vak 'Battle rage'	-2
Count Hibevor PA as AD class	

* The PA and AD shielded columns already include the suitably shielded modifier.
*** Null shielded figures cannot be harmed.
NOTE: Figure who have not fired yet, but are killed are placed on their sides, as a reminder that they still can fire.

SHIELDS: When a shielded figure is hit, the shield will go down on a '6' if NE hit, or 3-6 if GH hit. Roll on 1d6

MEDICAL AID [14]

For each medic, a figure within 6 inches may be healed on a 4+ on a 1d6.

DIGIMEDIC [14]

If hit and figure has a digimedic, roll 1d6. On a 5-6, the hit result is downgraded to the next lower effect- e.g. 'kill' becomes ' GH'

NE	**No effect**
STUN	**No move/ attack for 3 turns unless a 6 rolled**
GH	**Wounded, can't move or fire until after next phase**
KILLED	**Removed from play, unless medical aid/ digimedic**

TEMPLATE WEAPONS [14]:
Some weapons use a template for the fire effect. Place the thin end against the firing figure with the cone pointing within the arc of fire of the direction the figure is facing. All enemy targets under the template can be rolled for a hit individually.

WEAPON DEPLOYMENT [14]:
Squad support and indirect fire weapons should be deployed, or you get a -2 'to hit' penalty. Heavy weapons MUSt be deployed before firing- this takes 1 move phase.Use 'deployed' counter next to deployed weapon.

Note:

Add a 2 to roll if a critical hit was scored.

If a vehicle suffers a penetrating hit its occupants are considered 'Shaken' for the rest of the game. (-1 penalty to hit)

If the vehicle has an active shield - 1 from the die roll. (Except against Flamethrowers and Sun Cannons)

Beam guns and Lasers of any kind have a -1 penalty to penetration if they have passed through smoke.

VEHICLE HIT EFFECT EXPLANATIONS

TABLE 5

Hit	Explanation
Rider	The cyclist of gunner is hit, if both are present; roll 1d6, 1-3 Cyclist hit, 4-6 gunner hit. Roll for damage normally using the impact type of the weapon.
Passenger	Passengers takes a KO1 hit.
Stun	A stunned vehicle may do nothing (move or fire or embark/disembark troops), until the move phase a 5 or 6 is thrown.
Imob	Vehicle is immobilised, no effect on passengers or crew who may disembark if they so wish. The vehicle may not move for the remainder of the game, but may fire weapons.
Weapon	All vehicle weapon systems have been knocked out, no effect on occupants or the vehicles movement capabilities. No vehicle weapons may be fired for the remainder of the game.
KO 1	Vehicle knocked out, may not now fire or move for the rest of the game, but provides hard cover for troops behind. Any occupants take one 'Low damage level hit. (Dice for each occupant)
KO 2	Vehicle knocked out, may not now fire or move for the rest of the game, but provides hard cover for troops behind. Any occupants take one 'High' damage level hit. (Dice for each occupant)
Destroy	Vehicle is knocked out, in addition exploding as per high damage level, blast 2 template (roll for damage on ANY troops within this area, as per normal 'High' damage grenade hit). Any vehicle occupants and those riding on it are automatically killed. The vehicle model is removed and replaced by a crater marker, and an area of smoke above the point where the vehicle was. (Aircraft being destroyed do not effect ground troops in the blast area and do not leave a crater or smoke in their wake)
Crash	(Aircraft only).. Vehicle is placed on the ground immediately underneath its current flying / laded location. Rolls 1d6. 1-2, it is stunned, 3 as KO1, 4 as KO2, 5-6 as Destroyed.
