20-40mm CPP Auto-Cannon	AUC	5	8	8	10	-	60*	Standard	1	20	2 shots per phase at same target OR may use Template 3. Roll once to hit each target within.
Laser Cannon	LAC	7	6	8	10	11	120*	-	-	30	
Auto-Grenade Launcher	-	CNF	7	9	-	-	25	-	-	5	Fires 2 shots/ phase at same target. May fire any grenade type.
Robobolter Standing Turret	ROC	6	7	8	11	-	80	-	-	30	Robot sentry turret. Counts as a PA stationary figure if fired upon, but glancing hit is no effect. Kill destroys gun.
Rocket Battery	RB	6	7	9	12	-	60	High	3	32	Robot sentry turret as above. May fire twice per phase.
Portable Anti-Tank Guided Weapon	PATGW	CNF	6	8	8	9	85 *	TOTAL 2	1	20	Blast area 1. Advanced guided missile launcher, designed to defeat armoured vehicles. Can only fire one shot and is then discarded. Keep track of troops which have fired their ATGW.

Note:

Fire templates are the triangular shaped ones, blast templates are the circular ones.

All Heavy Weapons must be deployed to use.

Any Weapon marked with a * in max range causes suppression

DESIGN NOTES.
Infantry weapons that have at least a 20 round magazine and are capable of automatic fire have a Fire Template option.
Short barrelled weapons - Template 1.
Assault Rifle and the like - Template 2.
Support & Heavy Weapons - Template 3.
Infantry weapons that are capable of automatic fire and have belt fed ammo (or something equivalent) have the otpion of firing at least 2 rounds per phase at the same target.
Exceptions to the general rules above are: Bolt Rifles can only fire semi-auto and so don't qualify for a template. The Heavy Gyro Gun which is not belt fed and therefore can't fire 2 shots at same target.

All above To-Hit figures assume that the vehicle is fitted with on-board Targeting systems and have already been reduced to account for this.
It is permissible to fire AV rounds at individual infantry figures.

VEHICLE SPECIFIC TO-HIT MODIFIERS

TABLE 2

Crew Troop Rating		Cover + Other		Target Size	
Elite	+ 3	Hard Cover	- 2	Vehicle bike/ Trike/ skimmer	+ 1
Veteran	+ 2	Through Smoke	- 1	Vehicle APC /Tank	+ 2
Regular	0	Robo Turret	+ 1	Vehicle is Walker	+ 3
Civilian	- 2			Vehicle is Mecha/battlesuit	+ 4
Hero	Varies			Tank is 'hull down'	No vehicle hit bonus
Shaken	- 1			Air Target	- 3

If Target has ECM suite it negates Targeter Bonus and there is a -2 penalty for vehicle mounted weapons.

Automatic Defence System	Detects when missiles / grenade and mortar rounds are fired at vehicle. In a roll of 6-0 on a D10 it destroys the incoming round. Maximum of 2 rounds can be intercepted per turn.

Note:
NE = No Effect
If a vehicle suffers a penetrating hit its occupants are considered 'Shaken' for the rest of the game. (-1 penalty to hit)
If the vehicle has an active shield - 1 from the die roll. (Except against Flamethrowers and Sun Cannons)
Beam guns and Lasers of any kind have a -1 penalty to penetration if they have passed through smoke.
Add a 2 to roll if a critical hit was scored.

HIT EFFECT EXPLANATIONS

TABLE 5

Hit	Explanation
Rider	The cyclist of gunner is hit, if both are present; roll 1d6, 1-3 Cyclist hit, 4-6 gunner hit. Roll for damage normally using the impact type of the weapon.
Passenger	Passengers takes a KO1 hit.
Stun	A stunned vehicle may do nothing (move or fire or embark/disembark troops), until the move phase a 5 or 6 is thrown.
Imob	Vehicle is immobilised, no effect on passengers or crew who may disembark if they so wish. The vehicle may not move for the remainder of the game, but may fire weapons.
Weapon	All vehicle weapon systems have been knocked out, no effect on occupants or the vehicles movement capabilities. No vehicle weapons may be fired for the remainder of the game.
KO 1	Vehicle knocked out, may not now fire or move for the rest of the game, but provides hard cover for troops behind. Any occupants take one 'Low damage level hit. (Dice for each occupant)
KO 2	Vehicle knocked out, may not now fire or move for the rest of the game, but provides hard cover for troops behind. Any occupants take one 'High' damage level hit. (Dice for each occupant)
Destroy	Vehicle is knocked out, in addition exploding as per high damage level, blast 2 template (roll for damage on ANY troops within this area, as per normal 'High' damage grenade hit). Any vehicle occupants and those riding on it are automatically killed. The vehicle model is removed and replaced by a crater marker, and an area of smoke above the point where the vehicle was. (Aircraft being destroyed do not effect ground troops in the blast area and do not leave a crater or smoke in their wake)
Crash	(Aircraft only).. Vehicle is placed on the ground immediately underneath its current flying / laded location. Rolls 1d6. 1-2, it is stunned, 3 as KO1, 4 as KO2, 5-6 as Destroyed.

RESULT EXPLANATION	
Light Suspension Damage	Maximum vehicle speed reduced by a 1/4. Note is cumulative, and recalculated each time. (Example: Max was 16". First hit reduces it to 12". A second hit reduces it by 3" to 9". A third hit would reduce it to 7" etc.
Heavy Suspension Damage	Maximum vehicle speed reduced by a 1/2. Note is cumulative, and recalculated each time.
Drivers vision device wrecked:	Maximum vehicle speed reduced by a 1/2. This is a one off event.
Gun sight damaged:	A +4 to hit penalty for the main gun. This is a one-off event.
Turret Traverse Damaged:	Turret is locked in current setting for remainder of game. Tank able to fire still but with a +3 Penalty.
External light weapons & Robo Turrets destroyed	All pintle mounted guns and robo-turrets destroyed.
External sensor pack destroyed:	External sensors are destroyed.
Smoke Dischargers Destroyed.	Smoke dischargers are destroyed.
Lucky Hit. Re-roll for penetration	Lucky Hit. Re-roll for penetration.

Note: If an item is destroyed (i.e. an External Sensor Pack) then any repeat hit on this item is No Effect. Other items such as suspension can be hit repeatedly and effected each time.
